Nina Marco
Casa de Marco Design

Nina Marco is a seasoned designer based in South Florida, with over two decades of design experience. Her signature style, inspired by her global travels, is a harmonious blend of clean, contemporary aesthetics. She collaborates with her husband, Michael Marco, a developer, on coastal contemporary design and build projects. Moreover, her enduring passion lies in historic preservation, where she actively collaborates with local city boards and architects to ensure the integrity and value of each project

In collaboration with Dragon Cellars, Nina Marco seamlessly integrated the Spider-design wine cellar within an exquisite entertainment room. Crafted with luxurious gold-lacquered metal and acrylic, it boasts low-iron shelves adorned with warm white embedded LEDs. The cellar further delights with its illuminated tasting counter, complete with a glass holder and humidifier. Enhanced by a sophisticated black-painted wood cabinet and stylish wave wood slots, it features a state-of-the-art technical ceiling. This opulent wine cellar has the capacity to store approximately 200 bottles, making it the epitome of refined indulgence. DragonCellars.com
